

Serial No. 10/752,651

-4-

Atty Docket No. 926512-101092

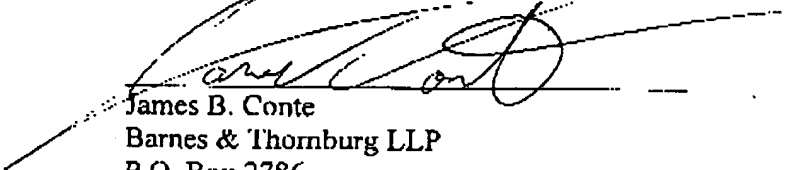

Remarks

Applicant notes the examiner's comments in the advisory action mailed July 7, 2006. The advisory action indicates the applicant, by deleting a portion of the last phrase from claim 1, has expanded the scope of claim 1. Applicant hereby submits a further amended claim wherein the deleted portion of claim 1 has been reinserted. Thus, the application, as it now stands, does not raise new issues. As stated in Applicant's response after final, the original search and Action already considered the valve in combination with the valve plate.

Accordingly, a notice of allowance should now issue.
